

Dear HR Manager:

I am writing to express my interest in the job posting you have made for the Software Engineer iOS position in StackOverflow.

With a Bachelor's degree in Computer Science and Engineering and hands-on experience using Swift and Objective-C languages to create and implement iOS applications, I am confident I will be an excellent fit for this position.

In addition to my expertise in the core iOS frameworks, I have experience working with many third party APIs and libraries. I have been exposed to a wide variety of technologies in my career and consider myself to be very adaptable.

I've attached a copy of my resume that details my projects and experience in iOS application development. I am eager to learn more about how your organisation can benefit from my contribution.

I thank you for your time and consideration and I look forward to hearing from you.

Regards,  
Kazi Munshimun Nabi
